Definition

In defining EAL we have adopted the following definition:

‘An EAL pupil is a pupil whose first language is not English. This encompasses pupils who are fully bilingual and all those at different stages of learning English.’

EAL pupils may be:

- Newly arrived from a foreign country and school.
- Newly arrived from a foreign country, but an English-speaking school.
- Born abroad but moved to the UK at some point before starting school.
- Born in the UK, but in a family where the main language is not English.

EAL pupils will need varying levels of provision.

Introduction

This policy sets out the school’s aims, objectives, strategies and responsibilities with regard to meeting the needs and celebrating the skills of EAL pupils and helping them to achieve the highest possible standards.

Aims

- To give all pupils the opportunity to overcome any barrier to learning.
- To welcome and value the cultural, linguistic, and educational experiences that pupils with EAL bring to the School whenever possible.
- To implement appropriate strategies to ensure that EAL pupils are supported in accessing the full curriculum.
- To help EAL pupils to become confident and fluent in speaking and listening, reading, and writing in English in order to be able to fulfil their potential.
- To encourage children to practise and extend their use of English.
- To encourage and enable parental support in improving children’s language skills.

Objectives

- To maintain pupils’ self-esteem and confidence by acknowledging and giving status to their skills in their own languages.

- To be able to assess the skills and needs of pupils with EAL and to give appropriate provision throughout the School.
- To equip teachers and teaching assistants with the knowledge, skills, and resources to be able to support and monitor pupils with EAL.
- To monitor pupil's progress each term in team meetings in order to make decisions about classroom management and curriculum planning.

Strategies

- Ensure that classrooms are inclusive, and that individual identities and cultural differences are recognised and valued
- Recognise that it takes significant time to become fluent in an additional language, and that to ensure success academically, a vast range of language is needed
- Identify the pupils' strengths and work collaboratively to boost the child's self-esteem. Recognise the child's native language but also be completely aware that there is potential for the child to become bi-lingual
- Understand that more time will be needed for these pupils to give answers
- Consider how to group pupils to ensure that they are hearing strong examples of English
- Enable pupils to use their first language for understanding of ideas
- When planning, ensure that the work is differentiated for EAL pupils
- Ensure that progress is regularly and strongly monitored to allow the correct learning objectives are set
- Do not lower the expectations. Challenge the pupils to answer as fully as they can, expanding on this when necessary
- Assess the pupil's competence in English in relation to the National Curriculum standards and expectations as soon as possible
- Allow the pupils time to listen to English in the environment to introduce a level of understanding, and the ability for absorption

Responsibilities

Head of School and Senior Leadership Team
